Aloha from the George Peabody for Governor of Hawaii campaign.

Taxation is Slavery! I resolve to use the power of the Executive Office of Governor to restore sovereignty and equality under law to all individuals in Hawaii and defend the Sovereign State of Hawaii from local and federal tyranny, i.e., to govern the government and restore sovereignty to the People.

I am campaigning for the office of governor of Hawaii to be in the most effective position to restrain the bloated police state government that is now our Overseer.

Wake up PEOPLE! The State of Hawaii is an illegal and criminal organization that we have allowed to become our masters. We are now the Slaves who pay the taxes they extort from us, and regulate us, and imprison us without due process.

I have no interest in "streamlining" government or in making it "more efficient" in its tyranny against our Constitution and the People: I mean to revolutionize it, to reduce its size and influence over We The People, the true Sovereigns of Hawaii. Please join me in my effort.

How many politicians does it take to screw in a light bulb? Irrelevant, because if The People whom the politicians are supposed to be serving don't "see the light" the the effort is poho.

See the light of freedom and liberty: Vote George Peabody for governor of Hawaii government.
